HOW HAS CRIME AND PUNISHMENT CHANGED IN THE UK?

AUTUMN 2!

AS COMPUTING EXPERTS

We will learn how to create short videos by working in pairs or groups. We shall develop the skills of capturing, editing, and manipulating video. At the conclusion of the unit, we will have the opportunity to reflect on and assess their progress in creating a video

AS CITIZENS

We will be celebrating difference! We will explore questions and themes such as am I normal? Understanding difference? Power struggles and why bully.

AS SCIENTISTS

in science, we will be exploring space. We will investigate solar systems, the sun, the moon, planet earth and the many planets that are in our solar system.

AS MATHEMATICIANS

In maths, we will be exploring multiplication division and fractions. We will learn how to find prime numbers, work out squared and cubed numbers, convert fractions and much more!

AS WRITERS

In English, we will be writing a biography about Edmund Hillary. We will also be using The Highwayman to write poetry.

AS MUSICIANS

We will be learning Christmas songs, preparing for young voices as well as learning Christmas songs on tuned percussion.

AS ARTISTS

We will be learning about installation art, including identifying and comparing art installations, exploring and scale in 3D art, problem-solving in construction, planning installations, develop and present installation art pieces effectively.

AS HISTORIANS

In history, we will explore how crime and punishment has changed over the last 800 years. We will explore the legend of Robin Hood and what it tells us about medieval justice. Also, we will enquire why crime and punishment changed in the 19th century.

AS ATHLETES

In PE, we will be focusing on street art which will help us to create our own street dance. In Gymnastics we will learn about counter balance and counter tension.

AS LINGUISTS

We will be using our French skills to learn about the Romans.
